

# DO NOTHING...

March 10th, 2007

Pediatric  
Brain Tumor  
RESEARCH FUND

100% of your donation goes directly to the pediatric brain tumor research laboratory at Children's Hospital in Seattle, one of the top facilities of its kind in the world. Through their passionate efforts new treatments are being developed and kids are getting better. Please support their ground-breaking research by making a donation today to PBTRF.

## Some facts you're not going to like:

Pediatric brain tumors have the highest mortality rate of any childhood cancer.

Pediatric brain tumors have been increasing at a rate of 2-3% per year over the last 20 years while all other cancers have been decreasing.

Current treatment for kids with brain tumors often leave them with devastating physical and mental disabilities for the rest of their lives.

Less than 5% of all medical research dollars in the United States goes to helping children.

## ... but HELP MAKE PEDIATRIC BRAIN TUMORS A NON-EVENT.

You are cordially invited to our 2nd Annual Non-Event. No dinner, no auction, no Oprah as host and no leaving the comfort of your own couch.

Do absolutely nothing BUT join us in our fight against pediatric brain tumors.

**Please reply with your donation by March 10th, 2007**
